It has been resolved that local ANC Branches in all KZN Districts must ensure that Mrs Zanele Magwaza Msibi is receiving enough support as well as protection where ever or whatever area she visit.

Members of the ANC throughout the province need to be alert and aware that our rivals Inkatha Freedom Party has a history of defeating the odds and win back their ravaged areas.. Therefore, the ANC President is calling on all comrades to be cautious not to take their road mobilization and recruitment lightly especially within Inkatha strong holds. Because Inkatha has strong strategic values as proclaimed by Comrade Magwaza Msibi during the briefing on the 5<sup>th</sup> December 2010

I have a concern about Mr. Vithi that he is an asthmatic person, the NEC has suggested that the comrades must select someone else to lead the M.K members around KZN for the protection of both the ANC as well as Magwaza Msibi.

I have approached the Umtata Comrades to send us an alternative comrade to Empangeni Team.

It has been reported that some member of Inkatha especially in Zululand are mobilizing and planning for the let down of Mrs Magwaza Msibi, in her endeavors to campaign in Zululand and surrounding areas . Comrades, Phindiwe Solani will control the secret funding of such operations by comrade Vithis' Team no comrade will be allowed to brief or answer any questions from the media except comrade Sizakele Dyantyi from Umzimbhulu, because comrade Magwaza Msibi together with the PEC members had already concluded a deal with one of the KZN news papers to ensure that no negatively is published against Magwaza Msibi because that will hamper her efforts to get more [people] members from the IFP. The incentives for this media editor have already been handed over.

Comrades we have to cohes a number of journalists into our bag otherwise if we fail Inkatha will rise stronger than before.

After the launch by Magwaza Msibi the NEC will assess the situation and decide whether to put more funds in her efforts or she should just be asked to stand on her own or desolve the new name and wear the ANC cap without any conditions from her [Magwaza Msibi]. The last briefing will take place at the South Coast Sun Hotel on the 5<sup>th</sup> day of February 2011. The security has already been arranged for that date and for [Magwaza Msibi].

Support for Mrs. Magwaza-Msibi

The Organization has taken a decision to accommodate Mrs. Z Magwaza-Msibi, into its ranks and offer her a position as she conceded and promise to bring along thousands of her followers from the IFP, over to ANC.

Although the NEC is sceptical about it, because this might cause a recipe for violence between the two parties in the Province. Mrs. Magwaza-Msibi has accepted an offer of being appointed as MEC.

The NEC has taken a resolution to give her the support during her troubles with the IFP and also on the day of a Court decision, (Judgment). The ANC Youth League has thrown its weight behind Mrs. Magwaza-Msibi and also vowed to mobilize the youth to ensure that all IFP strongholds in Zululand are destabilized, and taken over through propaganda mechanisms.

Mrs. Magwaza-Msibi will be screened at the Royal Hotel Durban, by the full Bench of the National NEC Members. The arrangements are under way to appoint a team which will be led by Julius Malema and others, in order to do revolutionary work in KwaZulu Natal for the Local Government elections 2011. Inkatha must die once and for all.
